

The Gulf Coast Energy Network is hosting **RE:Energize** – A *Winter Energy Workout* on Friday, January 23, 2009. The day-long workshop will focus on a variety of topics such alternative energy, low impact development, sustainable construction practices, energy/water conservation, and innovative solutions to meet our growing demand for energy.

We would like to extend an invitation to have you exhibit at our workshop. Our event serves as a great opportunity to promote your company and establish qualified leads to increase sales and exposure. Returning vendors receive priority booth selection and special promotions. Please contact me at your earliest convenience to discuss the details and secure your company's booth. We thank you for your continue support.
