Designed for Defense, Energy, and Infrastructure Leaders

Power Up Pacific is purpose-built to deliver measurable strategic value for organizations operating in defense, energy, and critical infrastructure. Contact our team to customize a sponsorship package that meets your needs.

Support SAME'S STEM Engineering Camp

The 2026 Power Up Pacific Conference is partnering with the Society of American Military Engineers (SAME) Honolulu Post to help send local Hawaii students to the nationally recognized SAME STEM Engineering & Construction Camp.

These camps inspire the next generation of engineers, energy innovators, and military leaders through hands-on experiences with industry and Department of Defense professionals.

We are inviting a limited number of organizations to join us as Diamond Sponsors and directly sponsor students from Hawaii to attend the SAME STEM Camp.

Each Diamond Sponsor will cover the camp registration for six local students, helping open the door to careers in engineering, construction, energy, and national security. At the same time, sponsors will receive premier visibility at Power Up Pacific, the Indo-Pacific's leading conference focused on energy security, infrastructure resilience, and defense innovation.

As a Diamond Level Sponsor, your company will directly invest in the next generation of engineers who will build the infrastructure and energy systems that support our nation's security.

DIAMOND SPONSORS (6 Available) – \$5,000

- Sponsor a Student to the SAME STEM Camp
- 4 complimentary all-access passes
- 10-minute agenda speaking slot or keynote introduction
- First-choice premium booth selection
- Company logo on event signage and website
- Company logo with hyperlink in event e-blast
- Full-page ad in Program Guide*

1-on-1 Agency Matchmaking Opportunities

Power Up Pacific is where strategy meets execution—bringing together senior leaders from across the Department of Defense, federal agencies, state energy offices, utilities, and private industry to accelerate real-world energy deployment across the Indo-Pacific. Power Up Pacific is not a passive conference—it’s an active deal-making environment featuring curated 1-on-1 Agency Matchmaking sessions that connect developers, technology providers, and infrastructure partners directly with decision-makers who control funding, projects, and mission-critical energy initiatives. From resilient microgrids and alternative fuels to grid modernization and project finance, this is where partnerships are formed and projects move forward.

We are assembling a powerful coalition of agencies alongside the to ensure maximum impact. Invited participants include federal and military stakeholders such as the Department of War, Office of Small Business, U.S. Indo-Pacific Command (INDOPACOM), NAVFAC Pacific, U.S. Army Corps of Engineers (USACE), Pacific Air Forces (PACAF), Defense Logistics Agency Energy (DLA Energy), Office of the Secretary of Defense for Energy, Installations, and Environment (OASD(EI&E)), and the Department of the Navy Energy Office, Defense Innovation Unit (DIU), General Services Administration (GSA), and the Department of Energy (DOE), Office of Clean Energy Demonstrations (OCED). Participation by government agencies does not constitute an endorsement of any kind.

At the state and local level, we will engage the Hawaii State Energy Office, Hawaii Technology Development Corporation (HTDC), Hawaiian Electric, Natural Energy Laboratory of Hawaii Authority (NELHA), Hawaii APEX Accelerator, and key economic development and infrastructure stakeholders. If you want direct access to the agencies shaping billions in energy investment—and the opportunity to position your company at the center of it—Power Up Pacific is a must-attend event.

The final list of agency representatives will be posted the week prior to the event.

**Join us for 1-on-1 Meetings with State and Federal agency representatives.
Register early and secure your spot.**
